The operating system and game software are provided on a single DVD labeled *System & Game Install Disk*. **Total installation time is about 7 minutes.**

Important: When you use the System & Game Install Disk, you will erase all game settings, statistics, and collections data stored in the game software. It is advisable to contact Technical Support before using the Disk to resolve a problem.

Perform the following steps to restore software:

1. Insert the disk in the DVD-ROM Drive and power cycle the game. When the game reboots the computer will automatically read the disk and begin copying files and configuring the hard drive.
2. When prompted, remove the disk and power cycle the cabinet.
3. The game will boot and the Attract Movie will start. Play a game to verify proper operation.
4. Open the Operator Menus and set the sound volume levels, pricing, and other Operator settings.
