Breeders' Cup – Tournament Network Operator Registration

Registration forms for Breeders' Cup must be submitted by **August 1, 2005** to enable National Tournament play. All three of the following forms must be completed and sent to UltraCade Technologies to complete your cabinet registration process:

- Breeders' Cup Tournament Network Debit Account Form
- Breeders' Cup Tournament Network Machine Registration Form
- Breeders' Cup Tournament Edition – Operator Agreement Form

Copies of the Breeders' Cup Tournament registration forms can be downloaded in Adobe PDF format from the following URL: <http://ultracade.com/bc/operators.php>

Completed forms must be mailed to the address below or faxed to **408-713-6185**

UltraCade Technologies
1281 Wayne Ave.
San Jose, CA 95131

Please allow five to ten days for the forms to be processed and information verified.

If your Breeders' Cup Tournament Network registration forms are not received by August 1, 2005 UltraCade will begin to turn off the tournament option on those cabinets. Unregistered Breeders' Cup cabinets will not be able to participate in National Tournament events until UltraCade Technologies has received a signed copy of your Tournament Registration paperwork.

The Breeders' Cup Internet Head 2 Head Play is not considered a part of Tournament Play. UltraCade will not disable the Head 2 Head play on any cabinets as this is a free service from UltraCade as long as your cabinets are connected with a High Speed Internet connection.
